On-screen setup wizard

Intuitive installation and setup allows you to enjoy your myLink experience in a few short minutes.

Flexible

Choose the best way to control up to 16 channels of motorized solutions with options such as individual control, group control, and more.

Compatible

Controls all Radio Technology Somfy® (RTS) products including motorized blinds, shades, curtains, screens, awnings, and rolling shutters as well as RTS enabled lighting devices. The myLink also works with third-party automation systems and Amazon Alexa.

Voice commands

Use natural voice commands to operate your RTS connected products.

App control

Harness the power of your favorite mobile device for Somfy-powered solutions.

Remote access

Activate Somfy-powered solutions even when you're away from home to maximize the many lifestyle benefits they provide such as energy savings, UV protection and privacy.

Timed events

Schedule motorized applications based on time of day or sunrise/sunset times.

Pulse 2

VOICE CONTROL

Intuitively control Automate shades with simple voice commands through Google Assistant, Amazon Alexa or Apple HomeKit.

SUNRISE & SUNSET DETECTION

Utilizing time zone and location, the Pulse 2 can automatically raise or lower Automate shades according to the position of the sun.

DISTINCT DESIGN

Designed in California, the Pulse 2 embraces elements from modern architecture to ensure it complements the interior of any home.

HIGH-SPEED CONNECTION

Built-in Wi-Fi or the option of Ethernet connection, ensures the Pulse 2 can connect to any home network and provide swift, wireless control of Automate shades.

AUTOMATE APP CONTROL

Control shades remotely, whether home or away. The Automate app is available for all Android phones, tablets and iOS devices, including Apple watches & iPads.

LIVE FEEDBACK

ARC enables live communication between the hub and motors. Check motor battery levels and shade positions through the app or smart assistants

PERSONALIZED EXPERIENCE

Create custom rooms, scenes, routines and timers to enable efficient or automatic shade control based on time, weather or schedule.

3 STEP SET UP

No need to complicate things.

1. Power on.
2. Download the App.
3. Connect & Enjoy.
